## Search for survivors in Okla. nearly complete

Fatality count reduced to 24 as scientists upgrade storm's power

**By Christopher Thomas and Tom Matley**  
OKLAHOMA CITY — Oklahoma's deadly tornado outbreak that swept through the state for more than a week is now being described by scientists as the most powerful and destructive ever recorded in the United States. The storm's power was upgraded to a Category 5 on the Saffir-Simpson scale, the highest rating possible, and the number of fatalities was reduced to 24.

The storm's power was upgraded to a Category 5 on the Saffir-Simpson scale, the highest rating possible, and the number of fatalities was reduced to 24. The storm's power was upgraded to a Category 5 on the Saffir-Simpson scale, the highest rating possible, and the number of fatalities was reduced to 24.

## Testimony begins

Witness gives account of events on day mom, boyfriend were killed, suspect Arthur Anaya's lawyers say he acted in self-defense

**Arthur Anaya testifies to investigators Tuesday, the first day of his double trial. Anaya faces two counts of first-degree murder, kidnapping, two counts of child abuse, conspiracy with violence and aggravated assault on a public official.**

**Witnesses**  
Anaya's defense attorneys said Wednesday that they will call a witness to testify that Anaya's mother was not the author of the text messages.

Anaya's mother, Theresa High, was the author of the text messages, the defense attorneys said. High was charged with the crime of kidnapping. High was charged with the crime of kidnapping.
